

FLUIDIGM®

Maxpar OnDemand Antibodies

Fast and flexible: Expand your IMC antibody options

It's easier than ever to design your high-multiplex imaging panel

Expand your options with Maxpar OnDemand metal-conjugated antibodies for Imaging Mass Cytometry

The launch of new Maxpar® OnDemand Antibodies adds flexibility to the Fluidigm Imaging Mass Cytometry™ (IMC™) antibody portfolio. Maxpar OnDemand Antibodies are a collection of carefully selected clones and metal options that give you more choice in panel design for optimal flexibility. With over 100 additional mouse and human antibodies, Maxpar OnDemand more than doubles the current catalog offering. We've got you covered in more ways than one.

More choices for IMC antibodies

Maxpar OnDemand antibodies come in fixed 15 µg (0.5 mg/mL) vials and ship within 6 business days. They can be ordered in the same way as any of our catalog products.

Reasons for Maxpar OnDemand

- 1 | **Access** to pre-screened, curated antibodies
- 2 | Greater **variety** of metal options
- 3 | Less time labeling, **faster** results
- 4 | **Affordable** option to help you get started
- 5 | **Quick** 1-week turnaround to keep your projects on track

Easily order Maxpar OnDemand Antibodies through the Fluidigm Store

Try our custom conjugation service: A flexible, easy and fast way to get exactly what you need.

3 ways to get metal-tagged antibodies for Imaging Mass Cytometry (IMC)

- 1** Order from the menu of Maxpar and Maxpar OnDemand antibodies for IMC. ✓ ✓ ✓
- 2** Use our custom conjugation service for your proprietary antibodies. ✓ ✓
- 3** Use labeling kits to do it yourself. ✓

✓ Flexible ✓ Easy ✓ Fast

The infographic features a purple header with the Fluidigm logo. The background is white with a subtle grid pattern and scattered colorful icons representing different elements (Ca, Fe, Pd, etc.).

If you don't find what you want in the catalog, or for large-volume needs, consider requesting custom conjugation services and let our expert scientists perform the conjugation and quality control for you. If you are working with a proprietary antibody or you want to conjugate your own, you can purchase antibody metal labeling kits from Fluidigm.
